

## Community and agency members' service to SIR resilience

Updated 24 September 2021

- This list recognises service on Shepparton Irrigation Region Land and Water Management Plan (SIRLWMP) committees and working groups.
- Many others who have contributed in other ways are not shown here.
- The list is incomplete and not perfect: it has limitations and is being updated as data is gained.<sup>1</sup>

- 1 The list does not include all agency project staff (who were usually listed in 1990s' SIRLWMP annual reports). SIRLWMP Program and supporting working group structures evolved from about 2016 when the communication technology revolutionised information transfer. The boundary in membership status became blurred between members and visitors.
- 2 SPAC is the (Goulburn Broken) Region Salinity Program Advisory Council
- 3 SIRPPIC's name evolved several times since 1990 - only SIRPPIC is shown here (Shepparton Irrigation Region People and Planning Integration Committee)
- 4 Includes Drainage, Farm, Farm and Environment, Plan Implementation Support Committee, Combined Partners?
- 5 There have been three Jenny Wilsons! Data on these contributors needs checking.
