¹ **Privacy Notice:** The personal information on this form is being collected by the Goulburn Broken Catchment Management Authority for the purpose of processing your request for flood advice and information. Any personal information about you or a third party in your correspondence will be protected under the *Privacy and Data Protection Act 2014*. It will only be used or disclosed to appropriate Ministerial, Statutory Authority, Government Department, or authority staff in regard to the purpose for which it was provided, unless required or authorised by law. Enquiries about access to information about you held by the GB CMA should be directed to the Privacy Officer. Goulburn Broken CMA, PO Box 1752, Shepparton VIC 3632.

APPLICATION FOR A PERMIT TO CONSTRUCT WORKS ON A WATERWAY (ACCESS CROSSING)

3. INDEMNITY CLAUSE *(If not signed, this form will be returned for completion)*

This indemnity must be signed by the landowner of the property, or if an organisation, someone authorised to do so. Where works are sited on Crown land, the owner of the works must sign the indemnity, which is usually the adjoining landowner of the property to the Crown land.

I acknowledge that the Goulburn Broken Catchment Management Authority may issue a permit for the construction of works on a waterway but that the Goulburn Broken Catchment Management Authority shall not be responsible for any claims, suits or actions, arising from injury, loss, damage or death, to any person or property which may arise from the construction, maintenance, existence or use of the works.

I hereby indemnify the Goulburn Broken Catchment Management Authority and its officers against all claims, suits or actions arising from injury, loss, damage or death, to any person or property which may arise from the construction, maintenance, existence or use of the works described in this application.

7. GENERAL DESCRIPTION OF THE PROPOSED ACCESS CROSSING LOCATION:

7.1 Proposed use, description, and cost of works

Proposed use:

Brief description of works:

Estimated cost of works: \$

7.2 Waterway Dimensions at the proposed access crossing location:

How wide is the waterway?

Distance between top of waterway banks.....metres

Distance across waterway bed metres

How deep is the channel of the waterway?

Height to top of waterway bank above waterway bed level looking downstream:

Left bank..... metres Right bank: metres

APPLICATION FOR A PERMIT TO CONSTRUCT WORKS ON A WATERWAY (ACCESS CROSSING)

7.3 Describe any erosion and vegetation details

Is there evidence of erosion in the bed and/or banks of the waterway? Please tick box: Yes No

Please comment

a). Bed:

b). Banks:

c). Surrounds:

7.4 Describe the soil type of the bed and banks

BED of the waterway: Please tick appropriate box

Clay Soil Sand Gravel Rock

Other (Please Specify):

BANKS of the waterway: Please tick appropriate box

Clay Soil Sand Gravel Rock

Other (Please Specify):

7.5 Describe the type and extent of existing vegetation on the beds and banks of the waterway at the proposed works or activities site.

8. NATIVE VEGETATION REMOVAL

If native vegetation is proposed to be removed as part of the works or activities, please provide the following:

- Type of vegetation to be removed, including species, size (age/diameter etc) and location in relation to proposed crossing:

Have you considered other alternative work sites to minimise native tree removal?

Please Tick Box: Yes No

If **NO**, please explain reason.....

APPLICATION FOR A PERMIT TO CONSTRUCT WORKS ON A WATERWAY (ACCESS CROSSING)

9. CROSSING DETAILS: (please complete relevant section only)

9.1 Bridge Crossing – refer to [Guidance Notes- Bridge Crossing](#)

Total Length.....metres

Bridge Width..... metres

Number of Spans: Please Tick Box: Single Span Two Spans Three Spans Four Spans

Other.....

Proposed Material: Please tick those that is appropriate

Concrete Steel Timber Other (please specify)

.....

Height of bridge deck above waterway bed level.....metres

Height of underside of bridge beams above waterway bed level.....metres

9.2 Pipe and Box Culvert Crossing – refer to [Guidance Note - Culvert](#)

Proposed Culvert Dimensions:

Culvert Type: Please Tick Box: Box Culvert Pipe Culvert

Size of box or pipe diameter.....metres

Number of lengths of culverts to be used.....

Total Length of culvert crossing (measured from upstream to downstream)metres

Number of parallel culverts.....

Height of crossing above waterway bed level..... metres

Proposed Material: Please Tick those that is appropriate:

Concrete Steel Timber Other (please specify

.....

9.3 Ford Crossing (or low-level stream crossing culvert defined as one-fifth of waterways height) – refer to [Guidance Note - Ford](#)

Proposed Culvert Dimensions (if applicable):

Low flow culvert proposed? Please Tick Box: No Pipe Culvert Box Culvert

Size of box or pipe diameter:.....metres

Number of lengths of culverts to be used in series:.....

Total Length of culvert crossing (measured from upstream to downstream):.....metres

Number of culverts placed in parallel:.....

Width of Ford:.....metres Length of Ford:.....metres

Height of crossing above waterway bed level:.....metres

APPLICATION FOR A PERMIT TO CONSTRUCT WORKS ON A WATERWAY (ACCESS CROSSING)

10. FLOOD INFORMATION

Please provide details about any known flood level information or n history about flood behaviour at the proposed site.

Description:

11. DETAILS OF OTHER KNOWN EXISTING ACCESS CROSSINGS WITHIN THE IMMEDIATE LOCALITY

Describe the location and dimensions of any bridges, culverts, fords, or roads *etc*, upstream and downstream of the proposed site, *e.g.*, bridge span and height, culvert diameter, etc.

Description:

12. DRAWINGS OF THE PROPOSED ACCESS CROSSING:

On a separate sheet of paper, please provide drawings of waterway dimensions and floodplain at the proposed access crossing site showing the following:

- Sketch of the waterway showing the dimensions **(In Plan view and in Cross Section)**
- Alignment of the access crossing
- Dimensions of the proposed access crossing
- Any access ramps across the floodplain and any road/tracks

Please also provide photographs of the site – both upstream and downstream views.

13. CULTURAL HERITAGE MANAGEMENT PLAN

Some ground disturbing activities may require the preparation of a Cultural Heritage Management Plan (CHMP) by a suitably qualified Heritage Advisor. It is your responsibility to determine whether or not a CHMP is required. For further information please contact Aboriginal Victoria at [Cultural Heritage Management Plans](#) or by telephone (03) 9208 3333.

Is a Cultural Heritage Management Plan (CHMP) required for the proposed works? YES NO

If No, a copy of a due diligence report/checklist is submitted with this Works on Waterways Licence application? YES NO

If Yes, a copy of the CHMP is attached to this Works on Waterways Licence application? YES NO

PLEASE NOTE: If a Cultural Heritage Management Plan (CHMP) is required, then the CHMP must be approved prior to the issue of other permits and licences. The approved CHMP must be attached to your Works on Waterways Licence application. Licence applications for works requiring a CHMP will not be processed by the CMA until an approved CHMP is received.
